Tobacco-Use Prevention Education (TUPE) Program
County Technical Assistance for Tobacco-Use Prevention Education (CTAT)
Fiscal Report for Fiscal Year 2019-20

The county office of education (COE) must provide a justification for the carryover of more than 25 percent of the 2019-20 County Technical Assistance for Tobacco-Use Prevention Education (CTAT) funds. Please complete the two columns below explaining why the COE is requesting to carryover 2019-20 funds and how the funds will be used in fiscal year 2020-21.

The COE must demonstrate good cause for not expending 75 percent or more of its CTAT funds during the past fiscal year. Please explain below why these carryover funds could not be spent during the past fiscal year.	Please describe below how these carryover funds will be used to implement the COE's TUPE Program during the next fiscal year. The intended use of these funds must be consistent with the program goals.
<p>School closure and Distrance Larning as well as the late timing of the release of grant funds prevented SF COE from expending the total balance of the funds.</p>	<p>The balance of grant funding will be spend to implement TUPE program implementation and include staff stipends, program supplies and other program expenses.</p>
